WARD 6 COUNCILLOR

COMMITMENT FOR WARD 6

**Different voices. One Ward 6. Let's build what comes next, together.
We will start with better communication.**

MORE ACCOUNTABILITY FOR PROPERTY TAXES?

Here is what I will do: Read every budget line by line. I will not support a 2027 property tax increase. Will push for clear reporting on what's done, underway and next, while giving North Burlington a stronger voice.

TIRED OF BEING STUCK IN TRAFFIC OR LOSING TIME ON THE ROAD?

Here is what I will do: Work with City Hall to fix our worst intersections and get traffic moving again. Bring all levels of government together to find solutions.

INFRASTRUCTURE IMPROVEMENTS TO PREVENT FUTURE FLOODING?

Here is what I will do: Support responsible growth that respects neighbourhoods, farmland and our environment. Ensure infrastructure and community needs are ready before development moves forward.

SAFETY ISSUES ON OUR STREETS?

Here is what I will do: Bring partners and residents together to find solutions that protect our neighbourhoods without compromising their value or lifestyle.

NORTH BURLINGTON TO HAVE ACCESS AND VOICE ?

Here is what I will do: Push for a North Burlington satellite City Hall, plan for a more central City Hall, fix service delays, and stand with Rural Burlington when NEC (Niagara Escarpment Commission) decisions conflict with local needs.

A VIBRANT COMMUNITY ?

Here is what I will do: build a connected Ward 6 community by establishing Business Improvement Areas and farmers' markets to bring our communities together.
